

***The Music Bike  
Practice Challenge  
At Broughton Music & Art Center!***

We sponsor four practice challenges per year on a quarterly basis. Each race consists three months of practice. The top five practicers are awarded medals. 1<sup>st</sup> prize \$100 gift certificate to store, 2<sup>nd</sup> prize \$50 gift certificate to store and 3<sup>rd</sup> prize \$25 gift certificate to store. Please note, the finish line is at 75 points. Students must reach the ‘finish line’ in order to qualify for awards and not DNF (did not finish).

**January through March** comprises the Winter Challenge

**April through June** comprises the Spring Challenge

**July through September** comprises the Summer Challenge

**October through December** comprises the Fall Challenge

One point is rewarded for each 30 minutes of practice. These points are recorded on spreadsheet and visually represented by the ‘paper mountain bike’ included in this packet. Each student is welcomed to design their bike how they like and then are assigned a bike number.

All students are eligible to participate in the ‘Music Bike Challenge.’ However, students who discontinue or who are not current with lesson payments at the time of award presentation forfeit their standing in the practice challenge.

Included in this packet is a ‘Weekly Practice Log’ & a ‘Paper Bike.’

To earn practice points, the student must record start & end practice times, tally time totals, include name of student on sheet, practice dates, date of signature and a parent’s or legal guardian’s signature.

Most importantly, these practice sheets must be turned in with the front desk on a weekly basis for the current week.

Please cut out your 'Music Biker.' Color and/or make a jersey, innovate and make your own cool bike!

Complete your 'Music Biker' and turn in to the front desk  
For any questions: call 269 375-2808 or ask staff at the front desk
